TECHNICAL SKILLS

Programming Languages

- C
- Python

Computer Science

- Data Structures and Algorithms
- Memory Management
- Computer Systems
- Systems Programming

Networking

- Network Administration
- TCP/IP Protocols
- Computer Networks

Development Tools

- Git and GitHub
- Linux / Ubuntu
- macOS
- GDB and Debugging

Professional Skills

- Problem-Solving
- Analytical Thinking
- Team Collaboration
- Technical Communication

SUMMARY

Computer Science professional with a Bachelor's degree in Computer Science and a background in Computer Networks and Telecommunications, currently pursuing a Master's degree in Computer Science and Artificial Intelligence at Boston University. Experienced in business leadership, technology services, customer relations, and team coordination. Possesses strong analytical, problem-solving, and communication skills, with developing expertise in software development, systems programming, and artificial intelligence. Passionate about applying technology to solve practical problems and building innovative software solutions.

EXPERIENCES

CEO & Founder | Primlor LLC
Abidjan, Côte d'Ivoire | October 2023 – Present

- Lead the development and delivery of technology services tailored to client needs.
- Coordinate communication campaigns to support business objectives.
- Oversee the design, development, and maintenance of computer systems and software.

ACADEMIC & TECHNICAL PROJECTS

Memory Management System | C Programming

- Explored memory allocation and management concepts through C programming.
- Worked with memory structures, pointers, and dynamic memory management.
- Practiced debugging and understanding memory organization.

Matrix Multiplication & Performance Analysis | C Programming

- Implemented matrix multiplication using C.
- Explored program performance through benchmarking and execution-time analysis.
- Worked with Linux development tools and performance testing.

Barcode Processing System | C Programming

- Developed a barcode processing project using C.
- Worked with image processing, filtering, and image manipulation.
- Practiced debugging, testing, and program compilation.

EDUCATION

2026 — Present
Master of Science in Computer Science and AI
Boston University, Boston – Massachusetts

2016 — 2021
Bachelor of Science in Computer Science - Computer Networks and Telecommunication
Hautes Études Commerciales d'Abidjan
(Higher Business Studies of Abidjan), Ivory Coast
